OUR APPROACH TO PREVENTION

CARE integrates education, advocacy, and healing to prevent violence and support our community.

EDUCATION

Building knowledge, skills, leadership, and cultures of consent across our campus community.

ADVOCACY

Confidential support and empowerment for survivors of sexual violence, dating abuse, and stalking.

HEALING

Alternative spaces and practices that promote healing, resilience, and wellness.

You can receive assistance from an Advocate or participate in a CARE program without formally reporting an assault or sharing details.

It's your choice, at your pace.

UCLA

CARE

Campus Advocacy Resources & Education

Confidential support for survivors of sexual violence, dating abuse, and stalking

We are here for you.

CARE is a confidential resource for UCLA students, staff, and faculty. We are committed to creating and sustaining a safe, healthy, and equitable community for all people.

HOW CARE CAN SUPPORT YOU

Our trauma-informed Advocates provide confidential support and help you explore your options.

- Crisis intervention, safety planning, and emotional support
- Support navigating Civil Rights Office reporting, criminal justice system, and student conduct process, including accompaniments
- Support navigating housing and academic accommodations
- Referrals to campus and community resources
- Consultation, training, and guidance on how you may support a survivor
- Free drink testing strips and covers through our Secure the Sip program
- Healing, empowerment, trainings, workshops and more!

CARE staff are confidential. In most cases, speaking with an Advocate does not automatically trigger a university report. You remain in control of your choices.

HAVE A QUESTION?
Email a CARE Advocate at advocate@careprogram.ucla.edu

HOW TO SUPPORT A SURVIVOR WITH CARE

CREATE SAFETY
Help create a safe, supportive environment. Check in privately, believe what you're hearing, and prioritize the survivor's immediate needs.

ACKNOWLEDGE & AFFIRM
Listen without judgment. Thank them for trusting you. Let them know what happened was not their fault.

REVIEW RESOURCES & RIGHTS
Share relevant resources, including CARE, whose Advocates can clarify confidential and non-confidential options so they can make informed decisions at their own pace.

EMPOWER CHOICE
Respect their autonomy. Support whatever choices they make without pressure or expectation.

KNOW THE DIFFERENCE

CONFIDENTIAL RESOURCES — **Available 24/7**

Santa Monica Rape Treatment Center	(424) 259-7208
Counseling and Psychological Services	(310) 825-0768
& CORE (CAPS Mobile Compassionate Response)	
Student Legal Services	(310) 825-9894
Ombuds	(310) 825-7627

NON-CONFIDENTIAL REPORTING

UCPD	911/ (310) 825-1491
Civil Rights Office/Title IX	(310) 825-7102

GET INVOLVED

Join our trainings, workshops, and programs to learn, lead, and make a difference. Questions? Email prevention@careprogram.ucla.edu

WORKSHOPS
Bring CARE to your student organization, classroom, or department.

- Intro to CARE
- Consent & Healthy Relationships
- Know Your Rights
- How to Support a Survivor

and more!

EVENTS & PROGRAMS
Join awareness campaigns, healing programs, and community events throughout the year.

- Programs for Domestic Violence Awareness Month (Oct), Sexual Assault Awareness Month (Apr), and more!

CERTIFICATE TRAINING
Join a quarterly 3-week training and become a CARE Ambassador.

Ambassadors volunteer to plan and facilitate CARE programs, particularly those occurring during Sexual Assault Awareness Month.

INTERNSHIPS
CARE employs student interns who support in our Peer Educator program and outreach to the campus community.
